BEGINNERS

You must have your own equipment and it must be in good shape.

Get direction about how to shoot an arrow from an experience archer.

Read and understand all posted rules and regulations; priority of course is SAFETY.

Any doubt pertaining to any safety aspect shall be discussed with a Park Officer.

Arrows are expensive and easily lost so don't over estimate your capability:

Shoot short yardages well before advancing to long yardages.

Put your name or initials on arrows, then if found by someone else the marked arrows shall be turned in to the Marina and may be claimed by owner.

SAFETY

Never draw an arrow anyplace but the shooting line.

Never point a drawn arrow in any direction but the target.

While searching for arrows behind the target, prop your bow up in front of the target. Report all questionable safety related matters to a Park Officer.

RULES

Absolutely no broadheads allowed anywhere on the park archery range. Strictly enforced.

Shoot only 4 arrows per target on the 14 target course. Practice in practice area. Targets will last longer.

RANGE MAINTENANCE

The archery range was built and is maintained by volunteers.

Please do your part to keep the course in top condition.

Report safety problems immediately or any other problems to a Park Officer.
