

The game of disc golf is played much like regular golf, only with flying discs and standing baskets to catch them. The object of the game of disc golf is to traverse a course from beginning to end in the fewest throws of the disc. The competitor who plays the stipulated round or rounds in the fewest throws plus penalty throws is the winner.

Play on each hole begins at the teeing pad and ends at the target. After the player has thrown from the tee, each successive throw is made from where the previous throw came to rest. On completing a hole, the player proceeds to the teeing area of the next hole, until all holes have been played.

Disc golf courses use a wide variety of terrain. It is one of the best lifetime fitness sports. Disc golf is easy to learn, a healthy activity, and accessible to people of all ages and fitness levels. It can be played all year round, even in the snow! Glow rounds are played during the summer with glow in the dark discs & lighted baskets; flashlights are not permitted during play.

Disc golf courses are normally laid out in and around wooded areas with diverse terrain to provide natural obstacles to the flight of the disc. These natural obstacles are very much a part of the game and must not be altered by a player in any way to decrease the difficulty of a hole. Players must play the course as they find it and play the disc where it lies unless allowed otherwise by these rules.

TEE THROWS - Tee Throws must be completed within the designated concrete tee area. Do not throw until the players in front of you are out of range.

LIE - The spot where the previous throw has landed, mark with a mini disc or turn over the thrown disc, directly towards the hole.

THROWING ORDER - After teeing off, the player whose disc is farthest from the hole always throws first. The player with the least amount of throws on the previous hole is the first to tee off on the next hole.

FAIRWAY THROWS - Fairway Throws must be made with the foot closest to the hole on the line. The other foot may be no closer to the hole than the lie. A run-up and a normal follow-through, after release, are allowed.

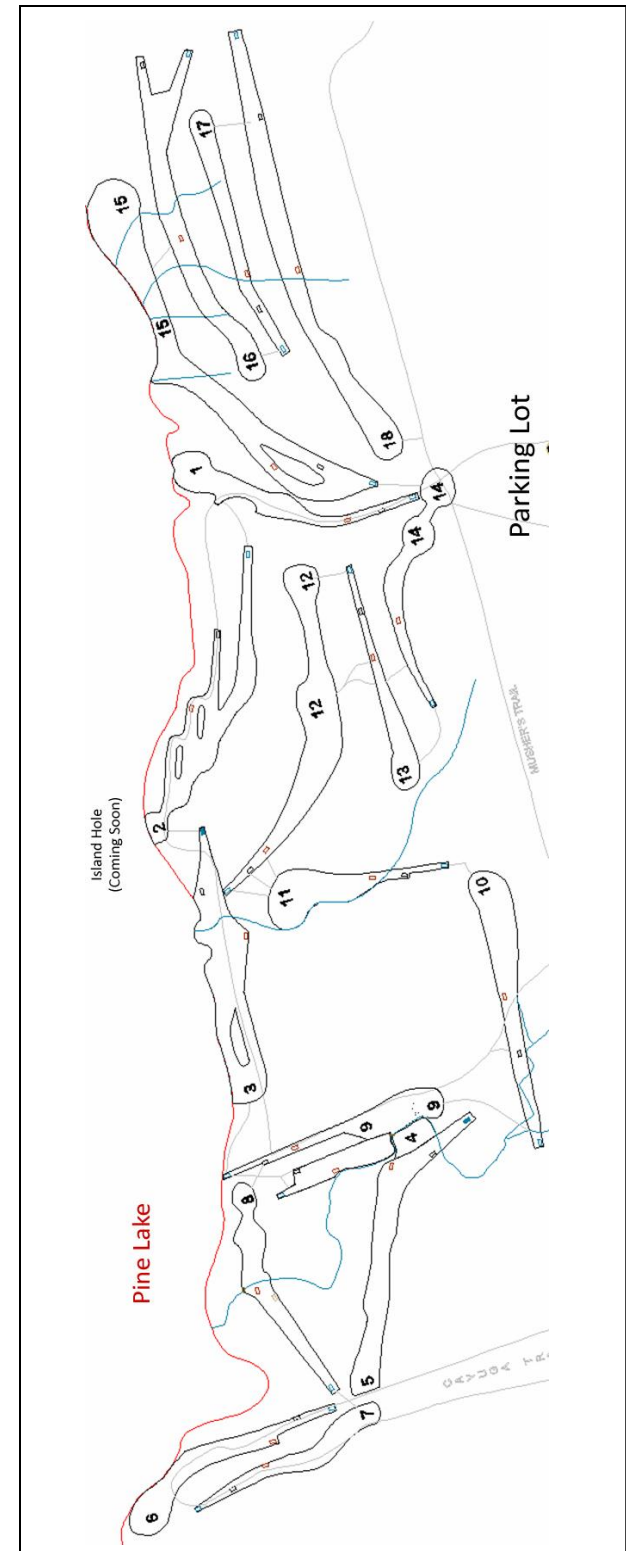

PUTTS - Throws within 10 meters of hole are considered putts. A putt must be made with the foot closest to the hole on the lie, and the other foot can be no closer to the hole. No follow-through beyond the lie is allowed, as the player must display balance until the disc comes to rest.

COMPLETION OF HOLE - A disc that comes to rest in the basket or chain constituted successful completion of that hole. Landing on top of the basket, or hanging on the edge of the basket rim do not count.

UNPLAYABLE LIE - Any disc that comes to rest above the ground is considered an un-playable lie, such as landing in a tree. The disc must be thrown from the lie on the ground, directly underneath the un-playable lie. A disc that lands in the lake will be played from the point the disk entered the lake as an out of bounds throw.

OUT OF BOUNDS (O.B.) - A throw that lands out of bounds, must be played from a 3 feet in bounds from where the disc went out of bounds. Landing on or across parking lots, tennis courts, field hockey courts, or nor across any walking trail, and fence and pavilion are always out of bounds.

PENALTIES - Recreational players will not be penalized for rule infractions. Other players will keep you honest. Advanced players will be penalized on stroke for an out of bounds throw.
